

# Lakeview LODGES

## Buying a Lodge

There are **3 easy steps** to buying your lodge at Lakeview Manor

### 1. Choose your plot:

Visit us and have a look around the park at the available plots and study the plans of the park. This will enable you to choose the perfect location for your lodge.

### 2. Pick your lodge style:

Select the Make, Model and the Size of lodge you require:

We work with all manufacturers but recommend Pathfinder Lodges for their quality and innovation. Our lodge partners offer a wide range of lodge designs in various sizes and layouts for you to choose from.

### 3. Specify your lodge

Custom specify the interior of your lodge to perfectly suit your needs:

Once you have chosen the perfect lodge to suit your needs, you can then visit the manufacturer and custom specify your lodge layout and interior fittings and design. The result is a bespoke lodge that is completely individual to you.
